

# Playful Learners

## Designed for 12 months - 4 years

Playful Learners is designed for you and your child to learn and play together. When children play, they are learning skills vital to their future success including problem-solving, communication and social-emotional.

Each one-hour class begins with group time where children and adult partners play and interact together, then transitions to center based learning where fine and gross motor skills are developed through play, physical moment, music and art activities.
